Sir:

**APPLICATION FOR PATENT TERM ADJUSTMENT-POST GRANT**

In accordance with 37 C.F.R. § 1.705(b), Applicant hereby applies for patent term adjustment under 35 U.S.C. § 154(b) of 1002 days. This application is being filed within two months of issuance of the above patent, as required by 37 C.F.R. § 1.705(d).

According to information printed on the face of the above-identified issued patent, this patent is entitled to 1011 days of patent term adjustment.

Applicant has calculated a patent term adjustment of 1002 days based on the following facts:

Applicant believes that the PTO corrected the Applicant delay in responding to the non-final office action of September 20, 2009 and the letter restarting period for response dated September 29, 2009, from 98 days to 89 days as requested in the Application for Patent Term Adjustment - Pre-Grant, filed July 10, 2009, and granted on February 5, 2010, twice, resulting in an extra nine days of PTA.

If there are any fees due in connection with the filing of this request, please charge them to Deposit Account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
